Makes sense

When your life gets a little bigger,
the Virtus is perfectly suited for
the journey ahead.

From fuel economy and style to ample space, it's practically everything you want from a car and more. It just makes sense.

All you need

No matter the journey ahead, the Virtus is prepared to navigate anything. From its engine to its smart technological features, it's all you need to go the distance.

The Virtus offers a reliable 1.6-litre MPI engine that delivers 81kW of power, confidently taking you from point A to B. It also improves traction and stabilises movement through curves, guaranteeing a journey where you're in complete control.

The Virtus embraces Volkswagen technology that manages to feel both recognisable and innovative. These include a multi-function dashboard display, wireless App-Connect, and wireless charging. In addition, the Virtus features a brand-new infotainment system called the MIB Regio Radio. This 10-inch radio features improved graphics and a revised layout. It also enables the creation of different user profiles with the ability to lock and unlock each profile using a 4-digit PIN. Its ease of use and responsiveness enhances the user experience.

A safe bet

There's nothing more sensible than a safe, reliable drive. The Virtus is equipped with smart systems and reliable safety features that do just that.

The Virtus is fitted with convenient parking technologies such as a Rear View camera system, Rear Park Distance Control, and Hill Start Assist. With the Rear View camera system, experience increased visibility when reversing. Park Distance Control uses sophisticated sensors that monitor if you're getting too close to another object, while Hill Start Assist helps to prevent your vehicle from rolling back on a hill. With these, navigating difficult driving will be a safe bet.

Space to breathe

Space and comfort are what define the Virtus. From its spacious interior to its Climatronic touch air-conditioning system with an enhanced air filter – more is more with the Virtus.

There's ample space in the Virtus, starting with its impressive boot capacity of 521 litres, all the way down to its 2.65 m wheelbase and its length of 4.56 m – stretched to offer you more than enough room.

Enjoy plenty of storage space with cooled glove compartments, storage pockets in the rear of front seats, and even cup holders – it's all the simple things and nifty compartments that subtly improve the comfort of your drive.

Inside are a dust and pollen filter and the Climatronic touch air conditioning system with its enhanced air filter. These features all regulate airflow while keeping it clean, making your Virtus the perfect space to breathe.

Sensibility meets style

Designed to feel familiar and to embody its sense of earnest, the Virtus focuses on aesthetic subtleties to create a vehicle that looks just right.

The Virtus looks the part with body-coloured exterior mirror housings and door handles that create a minimal and seamless appearance. A new bumper and grille design stretches across the front, with ECO LED headlamps to help you maintain caution during night-time drives. Move to the back, and LED tail lights complete its sensible charm.

Unpretentious, matter-of-fact, and straightforward, the Virtus is a vehicle that's streamlined to meet your need for comfort, ease, and safety over everything else.

Wheels & Rims

"Scimitar"
Alloy 6Jx16" wheels
(Standard on Highline)

"Razor"
Alloy 6Jx16" wheels
(Standard on Topline)
